Dear Parents,

It is an established fact that the performance of a student in class XII has a direct bearing on his career. At this point of time it has become absolutely essential that our class XII student focus only on scholastic areas. Hence, we have also commenced special classes for class XII students during zero period everyday. Attendance of all the students is mandatory.

A special Parent Teacher Meeting for class XII parents has been organized on 28th November 2014 to discuss certain issues in this regard. The timings for the meeting are mentioned hereunder.
